Art Unit 1651

(claims 29 and 30) are related. The claims of Groups II, III and IV are dependant claims, all of which directly or indirectly depend from the composition claims of Group I. Therefore, Applicants submit that Groups I, II, III and IV be examined in this application in the interest of economy and public policy since the examination and search of claims 1-16 (Group I) would necessitate the search of the claims of Groups II through IV.
